SPEIRS MAJOR

Functional light panels are arranged in pixelated arrangement to create an unexpected ceiling feature.

Light levels meet Building Code requirements; animated light sequences dim light levels to the code requirements but also to high intensities to add dynamism.

SPEIRS MAJOR

Immersive light create a destination of the carpark zones.

Carparks become a place for shows, parties and installations.

SPEIRS MAJOR

Rhythmic wall mounted light features at the entrance ramp provide the required light levels by day and by night.

Harbour wall archaeology are celebrated and highlighted on the journey through the entrance ramp.
